AWS D17.1 Aerospace  
Endorsement Description

## Introduction

The AWS D17.1 Aerospace Endorsement Description provides candidates guidance in the endorsement examination process. AWS strongly advises those who apply for the endorsement examination to read the endorsement description, paying particular attention to the test specifications and content area to gain better understanding. The examination description is subject to change.

Any candidate who is seeking CWI certification can take this examination as their initial Part C Codebook examination. Candidates can access the CWI Examination User Guide by clicking [HERE](#). The Examination User Guide contains important information on the rules, policies, procedures, and exam content for candidates seeking to take the CWI exams.

## Endorsement Scope

The D17.1 examination covers AWS D17.1 *Specification for Fusion Welding of Aerospace Applications*.

AWS QC1:2016-AMD1- *Specification for AWS Certification of Welding Inspectors*, provides for endorsements that may be added to the CWI and SCWI certifications. Endorsements are indication of an additional knowledge, skill or ability documented in writing and added to an individual's certification credential(s).

## Endorsement Candidate Eligibility Criteria

Any CWI or SCWI who wishes to obtain an endorsement that documents their knowledge, skills, and abilities in using AWS D17.1 can take the examination

## Training Requirements

This endorsement has no mandatory training requirements. Candidates are encouraged to attend an AWS seminar or to self-study to improve their familiarization.

## Examination Requirements

Candidates seeking the AWS D17.1 endorsement shall pass the AWS D17.1 examination.

Successful candidates must correctly answer 72% of the questions to pass the examination. Re-examination shall be in accordance with of AWS QC1:2016-AMD1- *Specification for AWS Certification of Welding Inspectors*.

## Initial Certification or 9-year Recertification Eligibility

For candidates seeking initial certification at the CWI level, this examination satisfies the requirements of Clause 6.2.1 of AWS B5.1:2013- AMD1- *Specification for the Qualification of Welding Inspectors*.

For existing CWIs and SCWIs, successful completion of this endorsement satisfies the examination requirements for recertification under Clauses 16.2.1 or 16.3.1, as applicable, of AWS QC1:2016-AMD1- *Specification for AWS Certification of Welding Inspectors*, provided that the endorsement is taken during the immediate 9-year period.

## Test Specification

The Test Specifications is a breakdown of the exam content areas or domains appeared in the examination along with the proportion of the exam devoted to each content area.

Subject weights for each of these areas are in conformance with the Code Applications examination requirements as expressed in Clause 7.1 of AWS B5.1:2013 AMD1- *Specification for the Qualification of Welding Inspectors*.

Content Areas	Minimum Percent of Questions on Exam
Qualification	25%
Fabrication	25%
Inspection	25%
Reports and Records	5%
Materials and Design	5%

## Examination details

The open-book examination consists of 50 multiple-choice items.

A language assisted version of the exam is available for candidates whose first language is Spanish. For a list of available international Agents and test locations, please click [HERE](#).

**IMPORTANT!** Candidates who test in Spanish will not have access to the English-language standard. Instead, candidate will have access to the Spanish-language version of AWS D17.1/D17.1M SPANISH, 3rd Edition, 2017 - *Specification for Fusion Welding for Aerospace Applications*, second printing from 2018.

## Examination Delivery

The examination is a computer-based test (CBT) delivered at a Prometric test center.

## CBT Exam Timing Information

The overall seat time allotted is 150 minutes (2.5 hours) from check-in to check-out at the test center.

The time can be used to answer questions is 120 minutes (2 hours).

Section of Testing	Time in Minutes
Candidate Confirmation Page	2
Non-Disclosure Agreement (NDA)	2
Introduction & Tutorials	15
Exam Question Answering	120
Survey	10
Finish Page	1
Total Duration	150

## Examination Reference

Most exam questions are directly answerable from the provided reference. To answer these questions, candidates can either answer from memory and experience, or use the electronic copy of the document provided on the testing computer.

- AWS D17.1:2017-AMD2– *Specification for Fusion Welding for Aerospace Applications w/ Errata and Amendment*

**IMPORTANT!** Printed copy of reference is permitted in the test location. In addition, the reference is available in PDF at testing and the word search function is **not** enabled.

Candidates not familiar with navigating conventional PDF documents should review the computer-based testing frequently asked questions (CBT FAQs) found [HERE](#). Some features of conventional PDF navigation may be disabled by Prometric for psychometric reasons.

## Endorsement Fee Structure

For candidates in the United States and Canada, exam fees are due at time of registration and are paid directly to AWS. For the AWS exam price list, click [HERE](#).

For international (outside of the US and Canada) candidates, exam fees are due at time of registration and paid to the International Agent representing AWS. Agents can provide pricing information regarding international exams.

## Endorsement Credential

Endorsements earned will be updated in the AWS certification profile. Status can be checked via the QR code on the back of the CWI wallet card or via the [Quikcheck web link](#).

## Renewal Requirements

If the exam was taken as initial Part C exam and the candidate has become a CWI eventually, the candidate is required to renew the CWI exam every 3 years, every 6 years, and needs to recertify every 9<sup>th</sup> year.

Once all renewal requirements have been met via the renewal application and all administrative fees have been paid in full, the CWI Certification will be renewed. For further information concerning the CWI Certification renewal, click [HERE](#) to review the QC1 *Specification for AWS Certification of Welding Inspectors*.

The endorsement does not have any requirements for renewal. It will automatically be renewed at each CWI renewal or recertification. The endorsement will continue to be listed in an approved manner.

## Professional Development Hours

Candidates who successfully complete pre-exam training to prepare for the D17.1 endorsement examination may gain PDHs in accordance with QC1 clause 16.5.

Candidates who successfully pass the D17.1 endorsement examination and desire to gain PDHs should contact the AWS Certification Department.
