WONDER GEL

Stainless Steel Pickling Gel

Achieve maximum corrosion resistance to stainless steel. Surface contamination may drastically reduce the life of stainless steel. Bradford Derustit Pickling Product removes (**pickles**) stubborn impurities, cleans the toughest slag, scale and heat discoloration and restores (**passivates**) the protective oxide layer.  nsfwhitebook.org

NEW Hand-Held Curved Aluminum Welding Gun

- Designed for 3/64"-1/16" Aluminum and .035"-1/16" Hard/Cored
- Increases Contact Tip Life up to 3-to-1
- Torch Longevity - Years vs. Months
- Water-Cooled Body & Outside Jacket
- Continuous Duty Cycles
- Lightweight & Comfortable
- 360° Positionable Trigger Switch
- Easy Connection to All OEM Machines

NCC P-38
Part #36800

COR-MET®

COR-MET QWP Flux Coated TIG wire

Eliminate the need for gas purging and backing for TIG pipe welding. The QWP Flux Coated TIG rod forms a slag on the backside of the pipe protecting the weld from oxidation (sugaring).

2% Thoriated Has Not Been Discontinued

2% Thoriated has been the standard in the welding industry for decades due to its low work function and high load and amperage capability. Lately, some tungsten suppliers will have you believe it won't be around much longer. That simply isn't true. The Tungsten Electrode Experts at DGP have 2% Thoriated in stock and ready to ship same day, with no end in sight. Looking for alternatives? We have many, including our new DGP Tri-Mix tungsten blend that offers better performance and significant savings over OEM Tri-Mix electrodes. Call today for a free sample or for any tungsten-related questions.

Diamond Ground Products, Inc.

diamondground.com

Get DGP Tri-Mix at Up To 70% Off OEM Pricing

DGP has carried nonradioactive Tri-Mix as an alternative to 2% Thoriated for over 20 years. The three-oxide blend offers many benefits including extended life, excellent arc starting and quality arc. With these advantages, Tri-Mix also came at a premium price...until now. DGP now offers our own brand of Tri-Mix that has all the benefits of the OEM brand with up to 60% savings off the price. Don't take our word for it though, call 805-498-3837 for a free sample you can test today!

Is the Piranha III The Best Tungsten Grinder on the Market

The short answer is yes. The Piranha III tungsten electrode grinder is the best selling grinder on the market and offers:

- Longitudinal diamond grinding, flattening and notch cutting for tungsten electrode diameters .040" to 3/16"
- Included angle range from 10° to 60°
- Enclosed grinding area
- Integrated receptacle area for ease of handling electrodes
- Sliding dust shield for 100% dust containment

If you're in the market for a tungsten grinder or are interested in finding out the benefits of having a dedicated tungsten grinder, contact DGP today.

Arc Saber Storage Protects Your Tungsten

The Arc Saber is a quality storage container designed to protect your tungsten welding electrodes. Great for your tool box or work table, it holds up to 19 1/8-in. (3.2-mm) tungsten electrodes. The Arc Saber tungsten storage container features:

- High-impact polyethylene and HDPLA plus plastic
- 12.5 lbs pull rated Neodymium (rare-earth) magnet located in the base
- Threaded-on cap with o-ring seal
- Wood strip to minimize atmosphere and moisture contamination
- Quick reference stickers for taper and size

Our entire selection is available to ship same day at DiamondGround.com or call us to learn more.

Pre-Ground Welding Electrodes

DGP has been known as "The Tungsten Electrode Experts" since 1992, when we first started manufacturing pre-ground tungsten electrodes with a goal to increase weld quality and productivity with electrodes precision ground or polished to the strictest tolerances. The benefits of DGP pre-ground electrodes include:

- Reduced arc wander
- Consistent arc shape
- Superior arc starting
- Longer electrode life
- Elimination of tungsten inclusions

We offer FREE samples of pre-ground tungsten electrodes and a FREE tungsten preparation guide.

Top Quality Tungsten. Lowest Prices. Same Day Shipping from Stock!

The Tungsten Electrode Experts at DGP have been on the cutting edge of tungsten technology since 1992. We offer the largest selection of tungsten electrodes in the welding industry from stock and ready to ship same day. We pride ourselves on offering top-quality products and exceptional customer service. We're so confident in our quality, we also offer free samples. Call today!

Looking for 2% Thoriated Tungsten?

2% Thoriated Tungsten has been the welding industry standard for decades. Now, some tungsten suppliers will have you believe it won't be around much longer!

The Tungsten Electrode Experts™ at Diamond Ground Products have 2% Thoriated in stock and readily available, with no end in sight.

Call DGP today to get your 2% or 4% Thoriated Tungsten or get a FREE sample of our other tungsten varieties such as Tri-Mix™ or Cryo-T. They are better options than cheap imitations claiming to be "new technology".

SAFETY SHIELD

Our NFPA-compliant dust collectors protect workers from weld smoke and fumes

Metal dusts contain toxins that harm workers when they become airborne. And the wrong dust collector can be a combustible dust hazard.

Our experts will help you select the right dust collector to minimize health and deflagration risks.

We do whatever it takes to assess your needs and recommend the most cost-effective solutions to maintain good indoor air quality, avoid combustible dust problems and comply with OSHA and NFPA standards

With our innovative, modular design, we configure and build your dust collectors to suit your needs. And you get delivery FAST.

It's all part of our industry-leading customer support program – CAMFIL CARES. We're committed to helping you keep your shop air safe and compliant.

Contact Camfil APC today to get your dust problems solved – www.CamfilAPC.com or call 800-479-6801.
